

Dear Health Care Provider

Fall 2009

It is no secret that increasing numbers of Americans are engaging at earlier ages in destructive life patterns that lead to obesity, diabetes, cardiopulmonary disease, cancers, addictions, academic and social failure.

We are a program directed toward our community's youth that fosters lifetime habits of regular exercise, healthy nutrition, avoidance of addictive behavior, improved sportsmanship and scholarship.

You can express your personal commitment to these same goals and at the same time advertise your practice or business by reviewing the enclosed materials and adding your financial support to New River Valley Aquatics (H2Okie Swim Team).

Allen Roseberry, President New River Valley Aquatics	Scott Baldwin, Head Coach H2Okie Swim Team	John M. Gregg, Board Member
