

## 2013-2014 Fundraising Agreement

Welcome to another exciting year with H2okie Aquatics! As we continue our goal in offering a positive competitive environment and enhancing our children's team spirit and sportsmanship, your support in fundraising is much needed. The NRVA Board of Directors voted to continue a minimum fundraising obligation for each family in order to establish sufficient operating funds for the 2013-2014 year. Stroke School families and families that are new to H2okie Aquatics for the first time have a reduced fundraising obligation in order to encourage participation and familiarize themselves with the team expectations. Stroke School families are defined as those who only have a swimmer(s) in the Stroke School portion of the program. Details are below:

- \$50 in funds for each swim family beginning the first year of participation.
- \$50 in funds for new families (first year of participation)

Obligations for returning families are listed below:

- \$200 in funds for each family with one swimmer beginning in their second (or more) year of participation.
- \$250 in funds for each family with two swimmers beginning in their second (or more) year of participation
- \$300 in funds for each family with three swimmers beginning in their second (or more) year of participation

Opportunities for fundraising include, but are not limited to the following:

- \* Kroger Reloadable Gift Card Program
- \* Sponsor Letters and Heat Sheet Ad Sales
- \* Scrip Zone Information
- \* Poinsettia Sales
- \* Donations (Tax Deductible)
- \* Other Methods

**Your account will be automatically billed on your May invoice. Kroger Card Program fundraising will be entered as the team receives the payment from corporate. Please review your account and work with the team Registrar to ensure all fundraising has been entered before final fundraising billing. *If you elect to withdraw from the team at any time you will be automatically billed for your fundraising obligation on your final invoice.***

Note: NRVA, Inc. is a 501(c) (3) non-profit organization. Contributions are tax deductible.

Our Fundraising Committee will continue to explore other means of raising funds for the team and will notify the membership as additional opportunities arise. Volunteer and Fundraising Expectations are independent of each other and families are required to fulfill both obligations.
